BUREAU OF ANIMAL INDUSTRY

HATCHERIES AND DEALERS PARTICIPATING  
in  
THE NATIONAL POULTRY IMPROVEMENT PLAN

---

The publication of this list is for the purpose of developing great efficiency in the operation of the National Poultry Improvement Plan. Additional information regarding these hatcheries and dealers may be obtained by writing to them, or to the official State agency in their respective States. Due to the fact that changes frequently occur in this list, it is suggested that anyone desiring to purchase hatching eggs or chicks from the listed hatcheries write the official State agency before making such purchase. Supplements to this publication, containing changes in participation, will be published periodically.

---

## Foreword

The hatcheries and dealers listed in this publication are participating in the National Poultry Improvement Plan, according to reports submitted by the official State agencies. The hatcheries are listed alphabetically by States. Some of the States have participating hatching-egg and chick dealers, and miscellaneous listings which follow immediately the list of hatcheries.

The figures in parentheses, which appear after the name of certain hatcheries, indicate the breed and varieties of U. S. Certified chicks produced by the hatchery. The code used for indicating breed and variety or cross is as follows:

- |  |   |
|--|---|
| 1 - Single-Comb White Leghorn                | 13 - Barred Plymouth Rock x New Hampshire   |
| 2 - Single-Comb Rhode Island Red             | 14 - Sex-Linked cross                       |
| 3 - Barred Plymouth Rock                     | 15 - Australorp x White Leghorns            |
| 4 - White Plymouth Rock                      | 16 - New Hampshire x White Leghorn          |
| 5 - New Hampshire                            | 17 - White Leghorn x New Hampshire          |
| 6 - White Wyandotte                          | 18 - Rhode Island Red x White Leghorn       |
| 7 - Black Australorp                         | 19 - White Plymouth Rock x Rhode Island Red |
| 8 - Single-Comb White Minorca                | 20 - White Wyandotte x White Plymouth Rock  |
| 9 - Single-Comb Brown Leghorn                | 21 - White Wyandotte x Rhode Island Red     |
| 10 -   | 22 - White Wyandotte x New Hampshire        |
| 11 - Barred Plymouth Rock x New Hampshire    | 23 - Buff Orpington                         |
| 12 - Rhode Island Red x Barred Plymouth Rock | 24 - Jersey White Giant                     |

The breeding stage and pullorum class of each hatchery is indicated as follows:

### Breeding Stage

U. S. Approved	-	Approved
U. S. Certified	-	Certified
No breeding stage	-	No breeding stage

### Pullorum Class

U. S. Pullorum-Controlled	-	Controlled
U. S. Pullorum-Passed	-	Passed
U. S. Pullorum-Clean	-	Clean

The maximum permitted tolerance for the U. S. Pullorum-Controlled class is less than 2% except in the States of California, Indiana, Iowa, New Jersey and New York where it is less than 1%.

The figures in the right-hand column show the hatching-egg capacity (manufacturer's rating including setting and hatching trays).

Hatcheries and dealers desiring to participate in a breeding stage of the plan are also required to qualify for one of the pullorum classes' but in some States they may participate in a pullorum class without taking part in the breeding-improvement phase of the plan. In such States, U. S. Pullorum-Controlled, -Passed, or -Clean hatching eggs or chicks may be produced that are not U. S. Approved or U. S. Certified. Therefore, U. S. Approved and U. S. Certified hatcheries and dealers should be sure that any hatching eggs or baby chicks purchased are of both the proper breeding stage and pullorum classification. This list should be helpful in finding the classification of the hatchery or dealer from whom purchase is to be made. Information concerning the status of hatcheries not listed may be obtained by writing to the contact representative.

The name and address of the contact representative and the official State agency are shown at the beginning of the list of hatcheries for each of the cooperating States.

\* \* \* \* \*

The following publications dealing with related subjects are also available from official State agencies or the Bureau of Animal Industry:

A.H.D. No. 125, Annual R.O.P. Summary (published in March each year). This publication contains a list of U.S.R.O.P. breeders listed by breeds together with the performance of their entries for the previous trap-nest record year.

A.H.D. No. 122, Directory of U.S.R.O.P. Breeders Qualifying for the U. S. Register of Merit Breeding State (published annually). This publication contains the names and addresses of U.S.R.O.P. breeders who have U.S.R.O.M. birds.
